

Overview

Aruba Instant On AP11 Indoor Access Points

Designed for small retail stores, boutique shops, popular home offices looking to setup separate guest network or new POS system.

Small businesses are facing a number of challenges due to new and emerging technology, making it pretty overwhelming to keep up. Mobile devices and cloud-based applications such as Microsoft Office 365 are changing the way you engage with customers, suppliers and staff. Since it's tough enough to set up a new payroll system or choose the most effective point of sale solution - we believe choosing the best Wi-Fi for your business should be simple.

Whether you own a small retail store or a boutique shop, your employees and customers are relying on the network for almost everything they do. And because Wi-Fi plays such a crucial role today, you need a purpose-built solution that keeps your business on the go. Aruba Instant On Access Points (APs) are easy to deploy and manage—with a quality look and feel at an attractive price point.

Aruba Instant On AP11 Indoor Access Points

Aruba Instant On AP11 (RW) 2x2 11ac Wave2 Indoor Access Point

R2W96A

Overview
